

Harrison / La Tourette

Sept. 24th, 1926

Re - Minnie)
 &) La Tourette
 Gussie)

Located and interviewed Joseph Revolinsky in the kitchen of the child patients' building, Bonnie Burns Sanitarium, Scotch Plains, N.J., in endeavor to gain information concerning Minnie and Gussie La Tourette, May Ray, alias Anna King, etc. and any of the former frequenters at Gillen's Roadhouse. Said he is very reluctant and unwilling to in any way become involved in this affair and suggested I call and see "Spanky" Casey, at French and Alexander Streets and say I came from him and to ask for the present address of Mr. & Mrs. Allie Britton, maiden name of wife Lizzie Scott, and now separated from her husband who he thinks is employed at Neverslip Courtplaster Co.

Says that in the old days he was a bicycle rider and trained both Lizzie Scott and Minnie La Tourette.

That John Gillen dropped dead in St. Peters Hospital and that Minnie La Tourette got his money.

Said he last saw Minnie La Tourette in year 1902, just after his discharge from U.S. Spanish War service. That he visit her at a house she maintained in a town across from Trenton, N.J., believes the name of the town to be Heightstown, N.J. or Morrisville, Pa. That he rode down on his bicycle to make his call and that the house was on the main street just near a one story frame factory building. At that time she told him she had removed here from Allentown, N.J.

Says he also knew Gussie but has no knowledge personally of either Minnie or Gussie La Tourette's present whereabouts. He again said I should call on and see "Spanky" Casey and could secure full and complete information by visiting and interviewing Mr. and Mrs. Allie Britton, whose address would be supplied by Spanky Casey.

Joseph Revolinsky said he intends to sign out of Bonnie Burns in less than week from today.

Respectfully submitted,
 Thomas L. Harrison
